MEMORANDUM

DATE: January 21, 2010
TO: MGSA Board of Directors
FROM: Paul Berlant, Executive Officer
SUBJECT: AGENDA ITEM D-3: TAXICAB REGULATION PROGRAM UPDATE

Recommendation: Receive this update report.

Background:

As of the end of December 2009 we have eleven companies using 16 names and 85 vehicles. There are 153 drivers permitted.

Staff is in the process of issuing the 2010 vehicle permits. Last year we used a sticker, which was to be placed on the vehicle rear window, on which the date and other data were printed with a permanent marker. Unfortunately, the data faded over time. This year we are having the expiration dates and license numbers printed by a print shop, which should not fade. These new stickers require a little more time and are more costly, but are a better product.
