MEMORANDUM

DATE: May 11, 2006
TO: MGSA Board of Directors
FROM: Martin J. Nichols, Executive Officer
SUBJECT: AGENDA ITEM F1: APPLICATION FOR CLEAN RENEWABLE ENERGY BOND ON BEHALF OF MEMBER AGENCIES

On behalf of member agencies, I have applied to the Department of the Treasury for funding to install solar electric system on several member agency facilities who had previously expressed interest in this opportunity.

My application is clear that acceptance of this funding is subject to the approval of your Board and the member agency that may acquire this installation.

Mr. Tim Rosenfeld, Marin Energy Management Team, will report on this project. Attached are his report and a list of the projects for which funding has been requested.
