WILL THIS BE THE ONLY CONTACT INFO?
IF SO, IT CAN STAY ON HOME PAGE,
maybe in the left column somewhere.
IF THERE'S A LIST, IT CAN LINK FROM
CONTACT US BUTTON.

Contact information:

Michael Garvey, Executive Director
Marin General Services Authority
371 Bel Marin Keys Boulevard, Suite 100
Novato CA 94949-6188

The Marin General Services Authority (MGSA) was created in 2005 by the cities and county of Marin and two Community Service Districts to offer various public services effectively and efficiently throughout the county in a uniform manner with minimal overhead expense.

These services now include Street Light Maintenance, Abandoned Vehicle Abatement, and Taxicab Regulation. The MGSA is in the process of accepting administrative responsibility for MarinMap and is researching the feasibility of creating a countywide wireless broadband network.

CURRENT PROJECT:

Wireless broadband services in Marin County

Wireless Needs Assessment

A Needs Assessment was commissioned by the MGSA in 2006 and completed in 2007. Results of that assessment led to the development of the Request soon to be released. [Click here](#) to download the Executive Summary of the Report on the Wireless Broadband Needs Assessment Study for the Marin General Services Authority (PDF file).

Wireless Request for Information

A Request for Information (RFI) concerning wireless broadband system development is in process and will be posted here when it is released.
